## SUMMARY

I'm Mohammed Adnan C, a 19-year-old MERN Stack Developer from Malappuram, Kerala. I have **nearly 1 year of professional experience** working at Prosevo Technologies, where I developed and contributed to real-world web applications.

I specialize in building full-stack applications using MongoDB, Express, React, and Node.js. Along with development, I have a strong eye for UI design using tools like Figma, Canva, and Photoshop.

I focus on creating clean, user-friendly, and performance-driven web experiences.
