

ADNAN CHOLAYIL

Junior MERN Stack Developer | Full Stack Developer | Odoo Developer

Kerala, India | 7034887478 | adnansuperbazar@gmail.com | [linkedin.com/in/mohammed-adnan-c](https://www.linkedin.com/in/mohammed-adnan-c) | github.com/adnancholayil | adnanc.vercel.app

PROFESSIONAL SUMMARY

Junior MERN Stack Developer with hands-on experience building modern web applications using JavaScript, React.js, Node.js, Express.js, MongoDB, REST APIs, Git, and GitHub. Practical experience in Odoo development and customization, with experience using AI-assisted development tools such as Google Antigravity IDE to improve development productivity, debugging, problem-solving, and implementation. Strong interest in building real-world applications and continuously improving software development skills.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, React.js, React Native, Tailwind CSS

Backend: Node.js, Express.js, REST APIs

Database: MongoDB, SQL/PostgreSQL

Development: MERN Stack, Odoo Development & Customization, Git, GitHub

AI-Assisted Development: Google Antigravity IDE and modern AI coding/development tools

PROFESSIONAL EXPERIENCE

Junior MERN Stack Developer

Kerala, India

- Developing and maintaining web applications using React.js, Node.js, Express.js, MongoDB, and JavaScript.
- Building REST APIs and integrating frontend applications with backend services and databases.
- Using Git and GitHub for version control and collaborative development workflows.
- Working with Odoo development and customization for business application requirements.
- Using AI-assisted development tools to accelerate implementation, debugging, research, and problem-solving while maintaining developer control over the code.

PROJECTS

E-Commerce Website

Developed a modern e-commerce application with product management, user-facing shopping functionality, backend APIs, database integration, and responsive UI.

POS SaaS

Developed a POS SaaS concept for retail/mobile and laptop businesses with business-focused workflows and modern web application architecture.

Local Service Finder

Developed a service marketplace concept connecting customers with service providers, including provider registration, bookings, and business-oriented workflows.

Odoo Development

Worked with Odoo development and customization, including environment setup, module-related development, database configuration, and troubleshooting.

EDUCATION

Higher Secondary Education (Plus Two) — Humanities, Journalism

GHSS Peruvallur | 2025 | 76%

SSLC

VPKMHS Puthur Pallikkal | 2023

ADDITIONAL INFORMATION

- Portfolio-driven developer with practical application projects and GitHub work.
- Interested in Junior MERN Stack Developer, Full Stack Developer, Web Developer, and Odoo Developer opportunities.
- Comfortable learning new technologies and using modern developer tools to solve implementation and debugging challenges.
